die literarische form ist der wahre inhalt der platonischen dialoge mit dieser these hat sich in den letzten zweieinhalb jahrzehnten eine

neue richtung vor allem in der anglo amerikanischen platonforschung durchgesetzt das buch diskutiert diese moderne these und ihren anspruch einer revolutionären wende gegenüber der traditionellen platondeutung die seit dem antiken neuplatonismus platon dogmatisch gelesen und die form seiner philosophie vernachlässigt habe erstmals werden die interpretationen die proklos der bedeutendste neuplatoniker nach plotin zur literarischen form der philosophie platons vorgelegt hat detailliert und als alternative zu modernen zugangsweisen präsentiert so kann gezeigt werden dass der vorwurf diese seien naiv dogmatisch und überformten das offene platonische philosophieren durch ihre systematik nicht haltbar ist

spaceships and politics the political theory of rod serling examines the political themes in the twilight zone in this unique show rod serling used fantasy and the supernatural to explore political ideas such as capital punishment the individual and the state war conformity the state of nature prejudice and alienation he used aliens and machines to understand human nature while the themes in the twilight zone often reflected political concerns of the time like the cold war and post industrial technology the messages had broader political implications this book looks at serling s mechanistic view of the world and emphasis on fear through hobbesian themes like diffidence and automata

the immanent dialectic of the ancient greek materialist philosopher epicurus 341 270 bce helped inspire the nineteenth century ideas of karl marx forming the subject of his doctoral dissertation marx s detailed study of epicurus led him to develop his own materialist dialectic in distinction to the idealist philosophy of g w f hegel until now however there has been no full scholarly treatment of the relation of epicurus to marx paying equal attention to both thinkers and examining the long term impact of epicureanism on marxist thought breaking the bonds of fate epicurus and marx fills this gap taking into consideration today s revolution in the understanding of epicurus resulting from the recovery of fragments of his major work on nature in the carbonized papyri that survived the burying in volcanic ash of the roman town herculaneum when mt vesuvius erupted in 79 ce it demonstrates that this new interpretation corresponds closely to marx s nineteenth century treatment of epicurus the result is to fundamentally transform our contemporary understanding of both epicurus and marx the last though logically the first book to be written in a trilogy that also includes john bellamy foster s marx s ecology materialism and nature 2000 and his the return of nature socialism and ecology 2020 breaking the bonds of fate epicurus and marx provides a detailed historical and textual analysis grounding the argument of all three works not only does this clarify marx s relation to materialism and ecology but also his analysis of freedom and necessity both epicurus philosophy

and that of marx are given new meaning in our time highlighting questions of substantive equality dialectical naturalism and sustainable community

seit ihren anfängen in der vorsokratik wurden in der griechischen philosophie reflexionen über das träumen sowie zu den spirituellen und natürlichen den physikalischen physiologischen und psychologischen entstehungsursachen angestellt die sich etwa auch in der verwendung des traumes als metaphor niederschlugen bei melissa kunz studie handelt es sich um die erste systematisch vergleichende gesamtdarstellung zum traumphänomen in der älteren griechischen philosophie welche die vernetzung der verschiedenen philosophischen positionen einer philologisch inhaltlichen analyse unterzieht rekonstruiert wird ein epochenübergreifender philosophischer dialog von den vorsokratikern über platon und aristoteles bis in die fröhellenistische zeit wobei die traumkonzeptionalisierungen nicht separiert betrachtet werden sondern im kontext des philosophischen systems ihres autors ihrer Überlieferungslage und ihrer historie auf der grundlage intersystematischer wie intertextueller beziehungen

gregory heyworth's *desiring bodies* considers the physical body and its relationship to poetic and corporate bodies in the middle ages and renaissance beginning in the odd contest between body and form in the first sentence of ovid's *protean metamorphoses* heyworth identifies these concepts as structuring principles of civic and poetic unity and pursues their consequences as refracted through a series of romances some typical of the genre some problematically so bodies in ovidian romance are the objects of human desire to possess to recover to form or to violate part 1 examines this desire as both a literal and socio political phenomenon through readings of marie de france's *lais* *chrétien de troyes* *cligès* and *perceval* and chaucer's *canterbury tales* texts variously expressing social economic and political culture in romance in part 2 heyworth is concerned with missing or absent bodies in petrarch's *rime* sparse shakespeare's *romeo and juliet* and milton's *paradise lost* and the generic rupture they cause in lyric tragedy and epic throughout heyworth draws on social theorists such as kant weber simmel and elias to explore the connection between social and literary form the first comparative diachronic study of romance form in many years *desiring bodies* is a persuasive and important cultural history that demonstrates ovid's pervasive influence not only on the poetics but on the politics of the medieval and early modern western tradition *desiring bodies* answers the question that might dog comparative literature as a discipline i e so what in a bravura display of cultural and linguistic range heyworth turns his own supple ovidian intelligence to ovidian irruptions from within the civilizing project of romance heyworth writes with intense literary inwardness adroitly turned learning and pitch perfect prose james simpson harvard university gregory heyworth's *desiring bodies* ovidian romance and the cult of form is a wide ranging impressively learned first rate study with a provocative and weighty central argument monika otter dartmouth college gregory heyworth's *desiring bodies* is a highly original study it is also very daring breathtakingly so at times in its deep engagement with major canonical writers and texts of the middle ages and the renaissance from twelfth century latin comedy to milton's *paradise lost* his remarkable essay is achieved within a stimulating cultural and artistic exegesis of a single ovidian line in which heyworth finds his own large subject the famous first line of the *metamorphoses* in which the poet announces the intention to tell of forms changed into new bodies john fleming princeton university

ambitious in its aims convincing in its arguments and frequently surprising in its readings desiring bodies asks us to reconsider how literary works both respond to and adapt the remains of the literary past by establishing ovid as the defining figure of formal metamorphoses across literary history heyworth opens new possibilities for imagining literary history as a history of literary form jennifer summit stanford university

in the tradition of barbara ehrenreich s nickel and dimed and studs terkel s working the mind at work is an illuminating reassessment of american labor testimonials to physical work have always celebrated the dignity the economic and moral value even the nobility of blue collar labor but rarely the thought required to get the job done right the lightning fast organization and mental calculations of the waitress the complex spatial mathematics of the carpenter the aesthetic and intellectual dexterity of the hair stylist our failure to acknowledge or respect these qualities has undermined a large portion of america s working population in the mind at work award winning writer mike rose sets the record straight by taking a long hard look at the intellectual demands of common work integrating personal stories of his own working class family with interviews vivid snapshots of people on the job and current research in social science and cognitive psychology rose draws a brilliantly original portrait of america at work as he probes the countless decisions computations and subtle judgments made every day by welders and plumbers waitresses and electricians rose redefines the nature of important work and overturns the hand brain dichotomy that blinds us to the real contributions of working people

this book is new in the way it tackles the problem of imagining performances of shakespeare as you read his plays

drawing upon diverse disciplines political theory metaphysics analytic philosophy intellectual history and jewish studies aryeh botwinick calls into question cherished boundaries of western thought specifically those that isolate religion in developing his argument he applies deconstructionist approaches to such classic texts as plato s republic maimonides guide of the perplexed and hobbes s leviathan
