a truly global view of history covering over 350 of the world's most important turning points presented in a beautiful slipcase this is an essential gift for every history buff world history is the most accessible e guide to the history of human civilisation covering the neanderthals the assyrian empire chinese dynasties vikings world war i apartheid the rise of isis and everything in between this remarkable book offers the most up to date coverage of global history up to and including the arab spring global terror russia and ukraine and the rise of populism in the eu historical moments and movements from across the globe are brought to life with contemporary photography iconic maps and stunning paintings follow humanity's journey and discover all the key thinkers leaders ideas and inventions that shaped the modern world

conventional accounts of world history tend to focus on the rise of western civilisation and concentrate on the story of ancient greece the roman empire and the expansion of europe the histories of the great civilisations of china india and japan and therefore the experience of the majority of the world's people have been relegated to a minor place world history adopts a radically different approach starting from the assumption that the human story has to be seen in the round it examines the

evolution of humans their lives as hunters and gatherers and their eventual adoption of agriculture before looking at the emergence of civilisation across the globe in mesopotamia egypt china the indus valley mesoamerica and peru it goes on to tell the story of the earliest empires emphasising not just their differences but also their similarities it explains how contacts were established between them and how technologies ideas and the world s great religions travelled from one to another it describes the great empires of islam of china and of the mongols only towards the end of the story does europe come slowly to dominate the world against the background of technical innovations and social and economic change

russia in world history uses a comparative framework to understand russian history in a global context the book challenges the idea of russia as an outlier of european civilization by examining select themes in modern russian history alongside cases drawn from the british empire choi chatterjee analyzes the concepts of nation and empire selfhood and subjectivity socialism and capitalism and revolution and the world order in the 19th 20th and 21st centuries in doing so she rethinks many historical narratives that bluntly posit a liberal west against a repressive authoritarian russia instead chatterjee argues for a wider perspective which reveals that imperial practices relating to the appropriation of human and natural resources were shared across european empires both east and west incorporating the stories of famous thinkers such as leo tolstoy emma goldman wangari maathai arundhati roy among others this unique interpretation of modern russia is knitted together from the varied lives and experiences of those individuals who challenged the status quo and promoted a different way of thinking this is a ground breaking book with big and provocative ideas about the history of the modern world and will be vital reading for students of both

modern russian and world history

covering two hundred years this groundbreaking book brings together essays on borderlands by leading experts in the modern history of the americas europe africa asia and australia to offer the first historical study of borderlands with a global reach
